Gigi and the Scratchy Monster

Bedtime · Courage · Grandparents

Every night, something goes *scratch... scratch... scratch...* under Lila's bed. With a flashlight and a twinkle in her eye, Gigi takes Lila's hand and helps her investigate—and the "monster" turns out to be a tiny gray kitten. A cozy, reassuring bedtime story about courage, comfort, and learning that scary sounds aren't always scary things when you look at them together.
